

### **President's Message**

This is indeed my great honour and utmost pleasure to be elected as President for the Session 2014-15. The Institute enjoyed fruitful years between 2012 and 2014 under the leadership of the Immediate Past President, Cr Paul K. M. CHUNG and along with the contribution of the strong Council Member Team. I would like to convey my heartfelt thanks to their hard work, great effort, and remarkable achievements.

The Institute always strives to serve the construction industry and to raise the professional status of members in various spectrums. My vision for the way forward are as follows:

- (i) To promote and increase recognition of the construction management profession via the registration of Registered Construction Managers and Registered Construction Supervisors as well as the qualification of oversea professional Institutes;
- (ii) To participate in advisory services of strategy, guidance, regulation and policy making for the industry's development with stakeholders especially government bodies, to voice out our members' views;
- (iii) To organize seminars, forums, technical visits and training courses to allow our members to achieve higher competence and performance in serving the local construction industry;
- (iv) To collaborate with Universities and Institutions to provide guidance and assistance to students of construction management;
- (v) To arrange Summer Internship for students to gain practical experience in consultancy work and construction field work;
- (vi) To strengthen the ties with Mainland China counterparts to seek recognition of our corporate members;
- (vii) To contribute to Hong Kong Kwong Yuet Tong's "Young Lopan Competition Award 2015" as a supporting organization;

With the consistent effort of the new General Council and the support of yours, I firmly believe that the Institute will maintain its role as one of the leading parties in the construction industry and will be marching into a new horizon and attaining statutory recognition of the construction management profession in Hong Kong.

Lastly, as the Chinese New Year is approaching, I would like to take this opportunity to wish you all a prosperous Year of the Goat and Kung Hei Fat Choy.
