Hong Kong Institute of Construction Managers
General Council 2024/25
President's Report

It has been my great honour and privilege to serve as President of the Hong Kong Institute of Construction Managers ("HKICM" or "the Institute"). Over the past year, I have had the privilege of witnessing the Institute's remarkable growth and the meaningful contributions we have made to the construction industry.

This Session has brought both challenges and opportunities. Yet, with the unwavering commitment of our Council Members and the collective support of our membership, we have turned obstacles into achievements. Together, we have strengthened the Institute's professional standing, enhanced its public image, earned recognition from external stakeholders, and deepened our engagement in public affairs. Most importantly, we have fostered collaborations that will continue to benefit our profession and society at large.

As I reflect on the year, I am proud of the milestones we have reached and the progress we have made. I am delighted to present to you the key milestones and accomplishments the Institute has attained during the year.

V. Corporate Affairs

a) The Secretariat

HKICM Secretariat Officers:

Mr LEUNG Wai-lap, Ernest	Secretary General
Ms TANG Tung-tung Tanzy	Office Executive
Mr CHAN Chung-cho	Administrative Officer
Mr CHUNG Man-tsun	Executive Officer

serves approximately 3,422 members and provides operational and administrative support to the General Council, enabling it to discharge its functions effectively and to advance the objects and goals of the Institute.

b) Connecting with our Stakeholders

By leveraging multiple communication channels, we have kept our stakeholders informed of the Institute's initiatives and progress in a timely and effective manner. This approach not only reinforces trust and transparency, but also fosters stronger bonds with our members, partners, and the wider community.

i. HKICM Newsletter

The Institute has continued publishing its newsletter, *Construction Voice*, as a key channel for strengthening connections with both internal and external stakeholders. During the year, three quarterly issues were released, featuring news updates, promotions of the latest CPD programmes and training opportunities, as well as coverage of events and activities. Members are also encouraged to contribute articles, sharing their experiences and perspectives on a wide range of topics and issues, thereby enriching the dialogue within our professional community.

ii. HKICM Website & Social Media

In addition to the regular enhancement of the HKICM website, the Institute launched a social media campaign across Facebook, LinkedIn, and Instagram to engage with a broader audience. The initiative has successfully attracted thousands of followers and significantly increased traffic to our social media platforms, thereby strengthening visibility and expanding our reach within the industry and the wider community.

2. Membership

Total number of members has reached 3,422 as of 30 November 2025, a new corporate member growth of 64 from last year. Out of the total membership, 1,299 were Corporate Members (112 Fellows and 1,187 Members). In addition, there were 12 Honorary Fellows, 81 Associates, 29 Associates (GBA), 84 Construction Supervisors, 27 Graduates and 1,890 Student Members.

To nurture the next generation of construction managers and ensure sustainable membership growth, we have reached out to educational institutions and industry employers through career talks and sharing sessions. We have also introduced preparation workshops to guide aspiring professionals through HKICM's assessment process. By transforming the assessment into a competence-based framework, we have opened doors to a broader talent pool while maintaining the highest standards of professionalism. With the dedication of our trained assessors, we continue to safeguard the quality of our membership and strengthen the Institute's role as the trusted hub for construction management excellence.

3. Continuing Professional Development and Training

Throughout 2025, we successfully delivered close to 30 CPD and training events, both online and offline. This achievement is a testament to the concerted efforts of the CPD and related Committees, who continued to drive professional development and knowledge sharing despite challenging circumstances.

6. Academic/Professional Accreditation

The Institute remains committed to upholding the highest standards in programme accreditation and continues to foster close working relationships with higher education institutions. At present, a total of 11 postgraduate and 19 undergraduate degree programmes, together with 18 higher diploma and 10 diploma-equivalent programmes in Hong Kong and overseas, are accredited by the Institute.

Over the past year, we have achieved significant results, including the strengthening of partnerships with higher education institutions and statutory organisations across respective professional sectors. These collaborations not only reinforce the Institute's role in safeguarding academic and professional quality but also broaden our influence in nurturing future talent for the construction industry.

7. Professional Services

I. Dispute Resolution

Having established the accredited adjudicator rules and regulations as well as prescribed templates, we are currently advocating the incorporation of HKICM as an Adjudicator Nominating Body (ANB) under the SOP Framework. The Code of Ethics for members and the Mediation rules and templates have also been revamped and finalized. Other professional work has also been undertaken with HKIS and HKIA to jointly revise the Standard Form of Building Contracts, which is set to be published in mid-2025.

II. Registered Construction Managers (RCM)/ Registered Construction Supervisors (RCS)

As of November 2025, a total of 282 members, representing 22% of HKICM Corporate Members, have been registered as *Registered Construction Managers* across twenty-three batches since the scheme was first launched in 2014.

We have also dedicated significant efforts to promoting the qualification among students, enabling them to better understand the educational requirements and career pathways of Construction Supervisors. As of November 2025, 84 members have been elected as construction supervisors. Of these, 14 members, equivalent to 17% of HKICM Construction Supervisors, were successfully registered under the inaugural batch of *Registered Construction Supervisors* in 2025.

III. Authorized Signatory (AS)

Regular Regular meetings with the Buildings Department will continue to be convened to address pressing concerns of the industry. In collaboration with HKCA, we continued co-organizing preparatory courses (namely the 14th and 15th intakes held in February and July respectively) for a total of 39 AS candidates. These courses were led by our most experienced Executive Committee members, ensuring the highest standard of guidance. As of November 2025, the number of Authorized Signatories affiliated with HKICM for RGBC has reached 267.

8. Major Events and Activities

I. HKICM/HKCA Joint Conference 2026

We, in collaboration with the Hong Kong Construction Association (HKCA), will host the HKICM/HKCA Joint Conference on 23 January 2026 - a must attend event for construction leaders, managers, and innovators. With the theme "Redefine Productivity Frontiers 突破生產力界限", this year's conference will address some of the most pressing challenges facing the industry, including workforce shortages, an ageing labour force, and the imperative of digital transformation.

We are honoured to welcome The Honourable Bernard Charnwut Chan, GBM, GBS, JP, Chairman of Our Hong Kong Foundation, as our Guest of Honour. His presence underscores the significance of this platform in driving the next era of growth, efficiency, and sustainability. Participants will gain exclusive insights from distinguished industry experts, explore cutting-edge strategies, and engage with key decision-makers shaping the future of Hong Kong's construction sector.

II. Quality Building Award 2026

The Quality Building Award (QBA), scheduled for June 2026, is a biennial accolade that honors buildings of exceptional quality and projects that exemplify outstanding teamwork. It serves to promote a collective commitment within the building industry to uphold the highest standards of professionalism and competitiveness.

The theme of QBA 2026, "Smartly We Build I Sustainably We Thrive I Inclusively We Lead", highlights the adoption of smart, sustainable, and inclusive solutions. It underscores the importance of driving innovation and eco-friendly practices to foster collective progress and ensure a thriving, sustainable future. As always, QBA 2026 will continue to celebrate outstanding contributions to society while advancing the ongoing development of the construction industry.

We are proud that Vice Presidents Chan Chi Man, Derek Leung, and Dick Li have been appointed to the Organizing Committee, where they will play a key role in overseeing event preparations.

III. HKCA / HKICM Xuzhou & Nanjing Professional Study Delegation

The Delegation was successfully held from 28 to 31 October 2025 with remarkable success. We extend our heartfelt gratitude to our co-organizing partner, the Hong Kong Construction Association, as well as to the Education and Technology Department of the Liaison Office of the Central People's Government in the HKSAR 中聯辦教科部 for their meticulous coordination. With the strong support of all parties, the delegation was carried out smoothly and achieved fruitful results.

The delegation was both a professional exploration and a cultural experience. Participants gained knowledge through dialogue, drew strength from cultural encounters, and embraced responsibility through historical reflection. It deepened our understanding of the mission and responsibility of the construction industry within the broader context of national development.

IV. HKICM 28th Anniversary Ball Games Tournament

The Institute successfully concluded the *28th Anniversary Reunification Cup Football Tournament*. The event brought together teams from across the industry in a spirit of camaraderie and sportsmanship. We are delighted to express our blessings to all players and congratulations to the Grand Champion as follows:

- HKICM Gold Cup - Gammon Construction
- 28th Anniversary Reunification Cup - Hong Kong Institute of Construction Managers

The tournament not only celebrated HKICM's 28th anniversary but also strengthened bonds among members and industry partners through healthy competition and teamwork.

In the meantime, we also organized the *2025 National Day Cup Basketball Tournament*. The event showcased top talent from participating teams while further promoting unity, collaboration, and the Institute's commitment to fostering a vibrant and dynamic professional community.

9. Vote of Thanks

As we conclude this Session, I wish to extend my heartfelt gratitude to all our members, Council colleagues, Secretariat and partners for their steadfast support and commitment. Your dedication has been the driving force behind the Institute's achievements and the progress we have made together. Looking ahead, I am confident that with our shared vision and collective strength, HKICM will continue to champion professionalism, embrace innovation, and play an ever more influential role in shaping a sustainable and resilient future for the construction industry. Together, we will build on our successes and strive for new heights in the year to come.

With Warmest Regards,
