Requirements of the HKICM Membership

Member (MHKICM)

- i) be at least of 25 years of age; and
- ii) has obtained a cognate degree or diploma in Construction or related disciplines as assessed by the HKCAAVQ being of equal status; or the recognized programmes in Section 6 of Membership Handbook, or other acceptable qualifications, such as full membership of an approved professional body, as the General Council may designate as being of equal status; and
- iii) has had post qualification professional experience of a minimum of four years of an approved nature in the HKSAR or mainly in the HKSAR; and
- iv) passes the Professional Assessment, if so requested at the discretion of the General Council; and
- v) passes the Professional Interview, if the Candidate is exempted from the whole or part of the Professional Assessment due to the exemption allowed under the recognized qualification of Corporate Membership of other recognized professional bodies.

Associate Member (AHKICM)

- i) be at least of 23 years of age; and
- ii) has obtained an accredited Higher Diploma or Higher Certificate or an acceptable equivalent as assessed by the HKCAAVQ, or other qualifications as detailed in Section 6 of Membership Handbook, in a construction related discipline; and
- iii) has received a minimum of five years of training and/or working experience in the construction field in the HKSAR, or mainly in the HKSAR. Pre-qualification experience is acceptable but such acceptable experience is calculated as half of the number of the actual years of pre-qualification experience. The total number of years of acceptable prequalification experience should not be more than two and a half years counted towards the five years of minimum required working experience.

Construction Supervisor Member

- i) be at least of 18 years of age; and
- ii) be a Certificate or Diploma holder of a recognized examining body (e.g. CIC, IVE or equivalent) in a recognized subject; and
- iii) a) have at least one year of recognized working experience in the HKSAR; or
 - b) 1. be a Student Member of the Institute for at least one year; and
 - 2. has completed CPD training for not less than 10 CPD hours (either organized or accredited by the Institute) during the year; and
 - 3. engaged with a construction company on confirmed status; and
- iv) has adequate knowledge in safety supervision, workmanship and quality control in the relevant subject areas as recognized by the Institute.
